

# VIDYODAYA JOURNAL OF SCIENCE

Vol. 13

JULY 2007

## VIDYODAYA JOURNAL OF SCIENCE VOL.13

### CONTENTS

	<i>Page</i>
1. Food and Feeding of brown - stage eels of <i>Anguilla bicolor</i> -Rupasinghe and Attygalle	01
2. Fifty years after Watson and Crick -Chandrasena, Peiris and Welihinda.	09
3. Some studies on the neurotoxic effect of palmyrah flour -Perera, Janz and Peiris	17
4. Gastroprotective activity of the paste of <i>Evolvulus alsinoides</i> L ( <i>Vishnukranthi</i> ) in rats -Heewageeganaga, Ariyawansa and Ratnasooriya.	23
5. Variation in Carotenoid profiles of pulp of morphological types of Palmyrah -Wijemanna, Rajapaksha, Priyadharshani and Janz	33
6. The effect of the fruit pulp of four cultivars of palmyrah on serum Cholesterol levels -Pathberiya and Janz	41
7. Evaluation of productivity of potatoes in Nuwara eliya and Badulla Districts with the aid of GIS -Fernando and Premasiri	49
8. Preliminary attempt for the development of a molecular marker based on map of coconut genome -Dassanayake, Everad, Bandaranayake, Karunanayake and Nandadasa	65
9. The carbohydrate Moieties of some flabelliferins of palmyrah fruit pulp -Ariyasena and Janz	75
10. Size, food and age of commercially exploited ribbon fish of Negombo and Beruwala - Pethiyagoda	83
11. An investigation of the carotenoids of <i>Carica papaya</i> -Priyadharshani, Janz and Peiris	95
12. Antibacterial activity of extracts of pericarp of <i>Garcinia mangostana</i> -Fernando and Dassanayake	99
13. The effect of Sri lankan black tea brew ( <i>Camellia sinensis</i> ) on Hexobarbital induced sleep in mice -Katnasooriya, Fernando and Madubashini...	109
14. Heavy metal levels in food fish <i>Etroplus suratensis</i> in Bolgoda Estuary -Senaratne, Pathiratne and pathiratne	115
15. Activity budgets and habitat preferences of land monitor, "thalagoya" Varanus bengalensis in a residential area -Abayaratna and Mahaulpatha	127
